**Get ready to fall in love again
and make those incredible
memories that last a lifetime!**

This **15 minutes flight** departs our Heliport near Punta Cana and soars peacefully along the beaches and hotels of one of the best known areas of the Caribbean.

That incredible sunset also signals that it's time to head on over to the Heliport. A one of a kind experience, The **Champagne Night Flight** is an equally unforgettable vista.

Bring that significant other, listen to live Caribbean music, taste delicious appetizers and sip Champagne under the twinkling lights of the palm trees while you await your helicopter.

Glide off into the night sky where you'll view the awesome starlit beauty and 1000's of lights along the beaches and Hotels of Punta Cana.

*** Ground transportation to and from your hotel is included.**

*** Private Helicopters are available for the purchase of an additional seat.**

*** Group, wedding, and customized packages are also available. (Call for details)**

***Some weight and weather limitations may apply.**

Your safety is our first priority!
