## Your Safety is our First Priority

Due to the variability of the Caribbean weather, it may become necessary to delay, alter the route of flight or to cancel the flight if weather conditions dictate.

Safety and Regulations require all aircraft be loaded within weight and balance limitations. For this reason specific seating cannot be guaranteed and you may be accompanied by other guests on board the aircraft.

Private aircraft are available (additional charges may apply).

## Safety Accreditations

Helidosa is the most experienced helicopter company in the Dominican Republic. We initially received our Air Carrier Certificate in 2001 and have flown 1000's of hours accident free. Our experienced team of professionals are dedicated to ensuring your Safety and providing an unforgettable world class experience.
